

Marlborough Estate

sauvignon blanc

2017

Marlborough is synonymous with some of the best styles of Sauvignon Blanc in the world.

Marlborough Estates focus is to select the finest parcels of ripe fruit from top quality vineyards and craft wines with outstanding finesse and distinction.

VITICULTURE & WINEMAKING

The fruit for this Sauvignon Blanc was selected from select vineyards in the acclaimed Awatere and Wairau Marlborough region. These were fermented separately, and select tanks were blended to create a wine that has impressive balance between acidity, fruit and texture.

WINEMAKERS NOTES

Passion fruit and hints of pineapple on the nose with underlying nettle lead to a long and succulent palate of crisp green apple and gooseberry complemented with a zesty citrus finish. A wine to be savored.

SERVING SUGGESTIONS

Serve chilled, ideal with lighter aromatic dishes particularly those incorporating a seafood influence
